## 2010 Fabia Super 2000

### Phil Pugh

---

**Born** 27/08/1970  
**Nationality** Welsh  
**Lives** Tywyn, Gwynedd, Wales

Phil blames his sister for his introduction to co-driving back in November 1987. She was already competing and persuaded him to sit alongside Alwyn Jones on the Rally Bro Ddyfi.

He is a member of Clwb Moduro Bro Ddyfi where he cut his teeth rallying on several road rallies, taking the reins as Clerk of the Course on Rally Bro Ddyfi for six years.

In over twenty years Phil has navigated nearly twenty drivers to class and overall wins on everything from road rallies to FIA World Rally Championship events, notably Kenny McKinstry, Geoff Jones, Australian Marty Beckton and Manxman Rob Watson. He teamed up with Guy Wilks in 2003, competing in the J-WRC in a Ford Puma, never looking back once alongside the Darlington driver.

His success in the J-WRC and BRC - both with Suzuki - culminated in a textbook victory in the Tesco 99 Octane MSA British Rally Championship in 2007, taking wins on five of the seven rounds whilst driving for Mitsubishi UK and successfully won again in 2008.

They campaigned the 2009 season in a Proton Satria. He ended the year on the RAC MSA Rally of Scotland, when he took victory in a Fabia Super 2000 entered by Škoda UK.

2010 sees Phil return to the international stage with Škoda UK Motorsport's 2010 IRC programme.

“The challenge of tackling new events in the 2010 Intercontinental Rally Challenge is very exciting, especially as we’ll be competing in a very competitive Škoda Fabia S2000. Victory on last year’s Rally of Scotland shows what potential the team has, and we’re all very focused on scoring many more successes for Škoda UK Motorsport in 2010.”
